

## ENTERPRISE SOLUTIONS

Enterprise solutions improve efficiency, help share data securely and collaboratively makes decision making easier

We look at 'Enterprise Solutions' as a powerful technology elevator that allows organisations to seamlessly share effective resources with all stakeholders, making decision making easier and driving business growth.

**Our enterprise solutions help organisations streamline processes by effectively tackling enterprise problems associated with:**

- ✓ Fragmented data caused as a result of data accumulated from different sources
- ✓ Cluttered and unnecessary complex systems landscape
- ✓ Provision of multi-channel outlets that support a diverse range of platforms and mediums

**Our partnerships and strong alliances with leading enterprise solution vendors including emerging players have placed us in a unique position in offering turn-key solutions in the following areas:**

**Enterprise Content Management (ECM):**

We have experience of implementing content management solutions using a wide range of proprietary, open source and SAAS tools. Some of the ECM products we specialise are Sitefinity – Telerik's award

winning content management suite, Sharepoint – Microsoft's leading content management platform

**Enterprise Customer Relationship Management (CRM):**

We have partnerships and are proud to work with some of the leading CRM vendors that offer web, SAAS / cloud based solutions. We have worked with:

- ✓ ACT CRM
- ✓ Microsoft CRM
